Committee on Science and the Arts, Cases No. 2640 and 2641. The value of numerous basic inventions and discoveries forming the foundation of Hall of the Institute, significantly contributing Philadelphia, March 3, 1915. comfort and pleasure of the human race.

Report of Sub-Committee on Awarding the Franklin Medal.

Sub-Committee: Dr. Harry F. Keller, Chairman.

Mr. G. H. Clamer,

And to Hon. Dr. George A. Hoadley, Leiden,

Holland, Prof. Gaetano Lanza, long-contin-

ued and Mr. Louis E. Levy. In low-tem-

perature research which have enriched physi-

To the Committee on Science and the Arts: box of

new methods and ingenious devices, but also

Your subcommittee, having carefully considered the provisions under which this award is made, according to the the Deed of Trust of the donor, Samuel Insull, Esq., as well as the various factors which in its judgment are to be kept in view at the present time, respectfully recommends that the Franklin Medal be awarded:

COMMITTEE ON SCIENCE AND THE ARTS, THE FRANKLIN INSTITUTE

1 The members of your subcommittee are unanimous in making
2 this recommendation, and it is hoped the brief accounts, hereto
3 attached, of the achievements of the distinguished scientists
4 named will indicate the reasons for the subcommittee's action.

5 To Thomas Alva Edison, of Orange, N. J.
6 in recognition of the value of numerous
7 basic inventions and discoveries forming
8 the foundation of world-wide industries,
9 signally contributing to the well-being,
10 comfort and pleasure of the human race.
