

## TRAVELING SCIENCE SHOWS

# CUSTODIAN FORM

A Traveling Science Show from The Franklin Institute will be performed at your school/organization.

Below you will find the information you need to prepare the performance space prior to the arrival of the presenter.

**Note that the list below is required for *all* shows:**

- Two standard folding tables 6'-8' long
- Access to electricity
- A microphone: a wireless lapel microphone is preferred, but if one is not available please provide a PA system with a wired microphone

**In addition to the above requirements, the following shows have individual special requirements:**

### Flight

- A room with a ceiling height above 12'

### Motion and Machines

- A stage or raised platform with no carpeting
